> RE: 914096-0001 TGLO Case # 2014-1785

Dear Ms. Spies:

The National Pollution Funds Center (NPFC), in accordance with the Oil Pollution Act (OPA) (33 U.S.C. 2701 et seq.), has determined that it will offer \$1,740.13 as full compensation for OPA claim number 914096-0001.

This determination is based on an analysis of the information submitted. Please see the attached determination for further details regarding the rationale for this decision.

All costs that are not determined as compensable are considered denied. You may make a written request for reconsideration of this claim. The reconsideration must be received by the NPFC within 60 days of the date of this letter and must include the factual or legal basis of the request for reconsideration, providing any additional support for the claims. Reconsideration will be based upon the information provided and a claim may be reconsidered only once. Disposition of the reconsideration will constitute final agency action. Failure of the NPFC to issue a written decision within 90 days after receipt of a timely request for reconsideration shall, at the option of the claimant, be deemed final agency action. All correspondence should include corresponding claim number.

Mail reconsideration request to:

Director NPFC CA MS 7100 US COAST GUARD 4200 Wilson Boulevard, Suite 1000 Arlington, VA 20598-7100

If you accept this determination, please sign the enclosed Acceptance / Release Agreement where indicated and return to the above address.

If we do not receive the signed original Acceptance / Release Agreement within 60 days of the date of this letter, the determination is void. If the determination is accepted, an original

signature and a valid tax identification number (EIN or SSN) are required for payment. If you are a Claimant that has submitted other claims to the National Pollution Funds Center, you are required to have a valid Contractor Registration record prior to payment. If you do not, you may register free of charge at www.SAM.gov. Your payment will be mailed or electronically deposited in your account within 60 days of receipt of the Release Agreement.

If you have any questions or would like to discuss the matter, you may contact me at the above address or by phone at 1-800-280-7118.

CLAIM SUMMARY / DETERMINATION

Claim Number: 914096-0001

Claimant: Texas General Land Office

Type of Claimant: State

Type of Claim: Removal Costs
Claim Manager: Mark Erbe
Amount Requested: \$1,740.13

FACTS:

Oil Spill Incident: On June 3, 2014, the Texas General Land Office (TGLO) was notified of a discharge of oil in Port Isabel Shrimp Basin in Cameron County, Texas. Port Isabel Shimp Basin connects to the Gulf of Mexico and is a navigable waterway of the United States. TGLO, Response Officer, Gonzalo Pena acting as the State On Scene Coordinator (SOSC) coordinated the state response with Federal On Scene Coordinator's Representative (FOSC-R), PO Marshall Trede, of USCG MSD Brownsville. FOSC Trede verified that TGLO's response was conducted in accordance with the National Contingency Plan (NCP) and authorized TGLO to take the lead on the removal. TGLO did not find the source of the oil spill.

Description of Removal Activities for this claimant: TGLO responded and hired a cleanup contractor who used two HAZWOPPER certified technicians who used absorbent sweeps and pads to remove the oil. The waste oil was contained in a 55 gallon steel drum with liner and transported to Usecology Texas, Robstown, Texas for proper disposal.³

The Claim: On July 29, 2014, TGLO submitted a removal cost claim to the National Pollution Fund Center (NPFC) for reimbursement of their uncompensated removal costs for State personnel and equipment costs as well as disposal costs paid to Usecology Texas in the amount of \$1,740.13.⁴

APPLICABLE LAW:

"Oil" is defined in relevant part, at 33 USC § 2701(23), to mean "oil of any kind or in any form, including petroleum, fuel oil, sludge, oil refuse, and oil mixed with wastes other than dredged spoil".

The Oil Spill Liability Trust Fund (OSLTF), which is administered by the NPFC, is available, pursuant to 33 USC §§ 2712(a)(4) and 2713 and the OSLTF claims adjudication regulations at 33 CFR Part 136, to pay claims for uncompensated removal costs that are determined to be consistent with the National Contingency Plan and uncompensated damages. Removal costs are defined as "the costs of removal that are incurred after a discharge of oil has occurred or, in any case in which there is a substantial threat of a discharge of oil, the costs to prevent, minimize, or mitigate oil pollution from an incident."

¹ See TGLO Expedited Small Claim Package dated July 29, 2014.

² See USCG MSD Brownsville concurrence memo from PO Marshall Trede.

³ See TGLO Expedited Small Claim Package dated July 29, 2014.

⁴ See TGLO Expedited Small Claim Package dated July 29, 2014.

Under 33 USC §2713(b)(2) and 33 CFR 136.103(d) no claim against the OSLTF may be approved or certified for payment during the pendency of an action by the claimant in court to recover the same costs that are the subject of the claim. See also, 33 USC §2713(c) and 33 CFR 136.103(c)(2) [claimant election].

33 U.S.C. §2713(d) provides that "If a claim is presented in accordance with this section, including a claim for interim, short-term damages representing less than the full amount of damages to which the claimant ultimately may be entitled, and full and adequate compensation is unavailable, a claim for the uncompensated damages and removal costs may be presented to the Fund."

Under 33 CFR 136.105(a) and 136.105(e)(6), the claimant bears the burden of providing to the NPFC, all evidence, information, and documentation deemed necessary by the Director, NPFC, to support the claim.

Under 33 CFR 136.105(b) each claim must be in writing, for a sum certain for each category of uncompensated damages or removal costs resulting from an incident. In addition, under 33 CFR 136, the claimant bears the burden to prove the removal actions were reasonable in response to the scope of the oil spill incident, and the NPFC has the authority and responsibility to perform a reasonableness determination. Specifically, under 33 CFR 136.203, "a claimant must establish -

- (a) That the actions taken were necessary to prevent, minimize, or mitigate the effects of the incident;
- (b) That the removal costs were incurred as a result of these actions;
- (c) That the actions taken were determined by the FOSC to be consistent with the National Contingency Plan or were directed by the FOSC."

Under 33 CFR 136.205 "the amount of compensation allowable is the total of uncompensated *reasonable* removal costs of actions taken that were determined by the FOSC to be consistent with the National Contingency Plan or were directed by the FOSC. Except in exceptional circumstances, removal *activities* for which costs are being claimed must have been coordinated with the FOSC." [Emphasis added].

DETERMINATION OF LOSS:

A. Overview:

- 1. PO Marshall Trede of Coast Guard MSD Brownsville provided FOSC coordination 33 U.S.C. § 2702(b)(1)(B) and 2712 (a)(4);
- 2. The incident involved the discharge of "oil" as defined in OPA 90, 33 U.S.C. § 2701(23), to navigable waters;
- 3. In accordance with 33 CFR § 136.105(e)(12), the claimant has certified no suit has been filed in court for the claimed uncompensated removal costs;
- 4. The claim was submitted on time;
- 5. The NPFC Claims Manager has thoroughly reviewed all documentation submitted with the claim and determined that the removal costs presented were for actions in accordance with the NCP and that the costs for these actions were indeed reasonable and allowable under OPA and 33 CFR § 136.205.

B. Analysis:

NPFC CA reviewed the actual cost invoices and dailies to confirm that the claimant had incurred all costs claimed. The review focused on: (1) whether the actions taken were compensable "removal actions" under OPA and the claims regulations at 33 CFR 136 (e.g., actions to prevent, minimize, mitigate the effects of the incident); (2) whether the costs were incurred as a result of these actions; (3) whether the actions taken were determined by the FOSC, to be consistent with the NCP or directed by the FOSC, and (4) whether the costs were adequately documented and reasonable.

The NPFC has confirmed that the rates charged by the Claimant are in accordance with the published rates at the time services were rendered.⁵

The NPFC hereby determines that the OSLTF will pay \$1,740.13 as full compensation for the reimbursable removal costs incurred by the Claimant and submitted to the NPFC under claim # 914096-0001. All costs claimed are for charges paid for by the Claimant for removal actions as that term is defined in OPA and, are compensable removal costs, payable by the OSLTF as presented by the Claimant.

AMOUNT: \$1,740.13
